

San Jacinto Day Observed At W. T.

Wheat Suffers As Rain Misses This Section

Only Light Shower Is
Received Monday Afternoon and Night In
Randall County

SPIDERS AT WORK

Rain Is Promised Dur-
ing Coming Week; High
Temperature and Wind
Hurt Crops

Wheat has suffered in large sec-
tions of Randall county during the
past week by unfavorable weather.
The temperature reached 81 de-
grees above zero Thursday, and
vaulted to a record height of 94
degrees Friday afternoon. The
high temperature, accompanied by
a high wind from the southwest
was hard on the wheat, owing to
the continued dry weather.

The temperature dropped Sat-
urday when a norther hit, but no
rain came.

A light shower of .15 of an inch
fell Monday evening in Canyon.
The north part of the county re-
ceived a little more rain, but the
moisture received generally over
the county was not sufficient to
be of much benefit.

Farmers from several sections
of the county report that the red
spider has continued to do much
damage to the wheat. The rain
was not sufficient to stop the pest
in its work.

While wheat is probably better
than it was a year ago in most
sections of the county, a big rain
this week would have been of very
great value to the farmers of the
county.

Wm. A. Campbell Is Buried Here Yesterday p. m.

William A. Campbell, 83, died at
his home near Bushland Monday
and was buried at Dreamland
Cemetery yesterday afternoon. The
funeral services were held at the
Griggs chapel in Amarillo at 2:00
o'clock, conducted by Rev. W. L.
Williams of the Bushland Baptist
church, assisted by Rev. A. A.
Tucker.

Uncle Billie Campbell was one
of the pioneer settlers of Randall
county. He came to this county 47
years ago, building his first home
10 miles south of Canyon. After
living at this location for several
years he sold out and moved to
another ranch northwest of Can-
yon. This was the family home
for three years when he moved to
a ranch north of Bushland where
the family has lived for 38 years.

The 50th wedding anniversary
of Mr. and Mrs. Campbell was
celebrated last year at the home.

Surviving are, the wife; one
son, Lindsey Campbell of Bush-
land; one daughter, Mrs. Sadie
Holden of Ventura, Calif.; two
brothers, J. T. Campbell of Glen
Rose and J. I. Campbell of Fort
Worth; one sister, Mrs. Hettie
McElroy of Edes, Colorado.

Range Operators to Hold Two Meetings Here on Contracts

Monday and Tuesday, May 26
and 27, are the dates set to sign
Range work sheets under the Ag-
ricultural Conservation Program
for 1937. It is requested that all
the ranch operators living in the
East one-half of the county come
to the office of County Agent W.
H. Upchurch on Monday, and all
those on the West one-half on
Tuesday.

The signing of a work sheet does
not place any obligation on any
one. It merely establishes eligibil-
ity to participate in the program
for 1937.

Mrs. Stanley Fyfe and son, Bruce,
of Childress and Mrs. Charles Tad-
lock of Amarillo, were visiting last
week in the parental A. N. Burgan
home west of Canyon. They re-
turned to their homes Tuesday.

Fathers and Mothers of Students Honored; De- dicate New Buildings to Aid of Students

The First San Jacinto Day pro-
gram of the State Teachers Col-
leges of Texas was held yesterday
in the seven institutions of the
state. A large number of visitors
were entertained at W. T., as this
was designated in honor of the
fathers and mothers of students.

Dr. H. B. Carroll presided and
introduced the various speakers.

Dean R. P. Jarrett stated that
58 years ago on San Jacinto Day
the bill creating the first teacher
training institution was signed in
Texas, creating the Sam Houston
normal at Huntsville. The regents
of the institutions have a ten
year program in which they will
present to the people of the state
important facts about these in-
stitutions.

Dr. J. A. Hill pointed to the
clear vision that Governor Roberts
had in establishing the first teacher
training institution, and his
statement as to the goal of such
institutions. Dr. Hill stated that
not all governors placed such a
high value on the teacher train-
ing institutions. The legislature
of Texas, as well as those of other
states, give these colleges the low-
est salaries. Dr. Hill stated that
it had been demonstrated that teach-
ers are more important to the ed-
ucational program than buildings,
books and equipment.

Educate People
The program adopted by the
regents seeks to inform the people
of the state of the importance of
these institutions in order that
they will be placed on the same
basis as other professional colleges
of the state.

Dr. Hill introduced the two re-
gents present, J. D. Jackson of
Alpine and John E. Hill of Ama-
rillo.

Dr. A. M. Meyer traced the his-
tory of teacher training from its
origin in Germany in 1564. The
institutions of this country have
developed very rapidly during re-
cent years. A great program is
undertaken in W. T., but the need
is felt for an expansion of the
plant and equipment.

Praises Graduate Work
J. Lee Gilmore, superintendent
of the Wheeler Schools, praised
graduate work in the teachers
training institutions. He predicted
that very soon teachers with-
out Ph. D. degrees can not secure
positions in high schools. He
stated that the excuse given in
the legislature for opposition to

Canyon Invited to Annual Dairy Show Held at Plainview

A group of citizens from Plain-
view were in Canyon Monday af-
ternoon distributing advertising
material for the annual Panhan-
dle-Plains Dairy Show which
started yesterday and will con-
tinue through Saturday.

A large delegation of Canyon
citizens is expected to attend the
show Friday, according to present
plans. Details for the trip will be
worked out today.

The dairy show is one of the
largest held in Texas.

Court House Lawn Being Fertilized, Plowed - Reseeded

The court house lawn will be
re-seeded under an order passed
Saturday by the Commissioners' Court.
Dandelions were taking the
lawn and the grass was very spotted
over the lawn. The dandelions
were dug up Tuesday, fertilizer
was spread, and the ground is
being plowed.

Bermuda grass will be planted
on the lawn.

OSCAR GAMBLE INJURED WHEN CAR IS WRECKED

Oscar Gamble was injured Sun-
day night while on his way home
from Amarillo. His car hit the
side of the Spring Draw bridge
north of Canyon.

Mr. Gamble was brought to Can-
yon by boys on the College Farm,
but was taken to an Amarillo hos-
pital Monday for treatment. He
has several broken ribs, and bad
bruises on the head and body.

Mr. Gamble developed pneu-
monia yesterday and was placed
under the oxygen tent. His con-
dition is reported very serious this
morning.

Court House Is Free of Debts; Bonds Are Paid

County Makes Money In
Sale Before Market on
Bonds Sags; Bonds are
Cancelled Tuesday

Randall county's court house is
free of debt, and all bonds against
the building are cancelled.

The Commissioners' Court re-
cently voted to sell the bonds which
were in the sinking fund and use
the money to pay off the court
house bonds which were held by
the state permanent school fund.
A premium was received on the
bonds which the county held.

The deal was made and the
check to pay off the court house
bonds was sent to the state treas-
urer. The cancelled bonds were
received from the state Tuesday.

The sale has proven very pro-
fitable for the county, since the
bond market broke a few days
after the deal was made. The
bonds which were held in the
sinking fund could not be sold
today for as much as the com-
missioners realized from the sale.

According to the financial state-
ment of the county which is pub-
lished in this issue of The News,
the sinking fund still holds \$1,000
in bonds, but the debt has been
cleared against the court house.

Father of Irby Carruth Died at Olton on Sunday

Supt. Irby Carruth was called to
Olton Sunday by the death of his
father, R. E. Carruth, who has
been seriously ill for four months.

The funeral services were held
Monday morning at 10:00 o'clock
at the Church of Christ, Rev. J. T.
Stanfill officiating. A large num-
ber of Canyon citizens attended
the services.

Mr. Carruth has visited his son
in Canyon many times during the
past years. He was born in Col-
lins county, and has lived on the
Plains for 45 years.

Surviving are three sons and
two daughters: R. E. Carruth, Jr.,
of Hydro, Okla., J. A. Carruth of
Olton, Irby Carruth of Canyon;
Mrs. Roy Gladson of Portales, N.
M., Mrs. Eugene Hancock of Lub-
bock; and one brother, J. A. Car-
ruth of Floydada.

The body was taken to Quanah
where the family lived for several
years and where the wife and
mother was buried several years
ago.

Health Officer Warns Citizens To Clean Up

Persons having unsanitary
cow-pens, hog lots, and horse
lots are requested to clean up
their premises and do it now!

Dead line, May the first.
Haul off the manure. Pile up
droppings every morning, sprin-
kle lime on them, and haul them
off at frequent intervals.

We are very happy to an-
nounce that we have had fewer
quarantineable disease during
the winter than any of our sur-
rounding towns due to the
hearty co-operation of our citi-
zens with the doctors and
health authorities.

Let us join in a united effort
to make Canyon the cleanest,
healthiest, and most beautiful
little city on the plains. IT
CAN BE DONE.

F. M. WILSON,
City Health Officer.

Wichita, Kansas, to Have Special Train Here on Wednesday

Leading business and civic lead-
ers of Wichita will stop in Canyon
on April 28th at 12:55 p. m. on
their thirteenth annual good will
tour which this year includes se-
lect portions of western Kansas,
New Mexico, Texas, and Oklahoma.

Just "go in' visitin'" declared the
125 who will form one of the larg-
est groups the Wichita Chamber
of Commerce has sponsored on its
annual tours to renew friendships
with its neighbors. The four-day
tour is being taken by special
train.

Although a wide territory is be-
ing covered on this tour, fewer
towns will be visited in order that
the trade trippers may spend more
time entertaining and reviewing
optimistic business prospects for
this spring and summer with local
civic leaders.

Richard E. Black, president of
the Wichita Chamber of Com-
merce; Bert Wells, city manager;
and Earl K. Hillbrand, dean of the
University of Wichita, are to be
among the many good will tourists.

Popular entertainment features
accompanying the party will be
the American Legion band, cham-
pions of Kansas and former na-
tional champions, and the Cham-
ber of Commerce quartet, known
throughout the Middle West.
Treats are in store for the crowd
expected to meet the train and
watch the Wichitans parade.

Miss Margaret Strain, who has
been in a Dallas hospital for the
past few months was brought home
yesterday. Her condition is some-
what improved but she is not yet
out of danger. Her father, H. S.
Strain, who has been with her for
some time, returned with her.

Summer School Bill Becomes Law With- out Allred's Name

Governor Allred has filed the
bill providing for summer school
in the state institutions without
his approval. The bill becomes a
law under such a method.

The bill provides for an increase
in appropriation for each of the
17 state educational institutions.
W. T. receives \$19,740 for the com-
ing summer's session, which is an
increase over the appropriation of
last year.

The governor also filed the
emergency appropriation bill with-
out his signature. In this bill
W. T. receives \$33,866.18 to carry
on improvements which are under
way on the campus.

Annual Meeting on Fri- day Attended By More Than 200; Work of Past Year Reviewed

Nearly 200 people attended the
16th annual banquet of the Pan-
handle-Plains Historical Society at
Cousins Hall Friday night. Mem-
bers of the society from many sur-
rounding towns attended the gath-
ering. Dr. Walter Prescott Webb
of the University of Texas made
the principal address at the ban-
quet.

About 50 members attended the
business session in the afternoon.
President W. H. Patrick of Claren-
don presided. Mr. Patrick reported
upon the activities of the Society
during the past year. The direc-
tors hope that in years to come
a two story building will be erected
over the basement of the second
unit which was completed this
year with the Centennial grant,
and later a third unit, the same
size as pioneer Hall, will be erected
to the north. Mr. Patrick urged
that more members be secured
during the coming year, and that
materials be collected before other
societies come into this field.

Officers Named
Judge H. E. Hoover, Judge J. D.
Hamlin and W. T. Coble were
named as a nomination committee
and turned in the following report
which was adopted.

For directors: Dr. J. A. Hill, Col.
R. P. Smyth of Plainview, and C.
P. Buckler of Pampa.

Officers elected were: President,
Horace M. Russell of Amarillo; 1st
vice president, Col. R. P. Smyth;
2nd vice president, J. D. Hamlin
of Farwell.

Secretary L. F. Sherry reported
that the Society has 300 members.
During the past year the \$25,000
allotment has been put into the
basement of the second unit of
the Museum. Owing to a grant
of \$3,500 in labor by WPA it was
possible to buy approximately \$3,000
worth of display cases, which will
be here in about 60 days. The
building is now worth \$100,000 and
the material in the museum is
worth not less than \$500,000. More
than 60 contributions have been

Canyon Day Will Be Set For Pan Ameri- can Show at Dallas

Harry P. Savage of Dallas was
here Friday representing the
Greater Texas Pan-American Ex-
position which will be staged in
Dallas June 12 to Oct. 31. Mr.
Savage states that the exposition
will be greater than the Centen-
nial held last year. The exhibits
will be considerably changed. The
decorations and lighting effects
will be entirely changed and will
be new. More free attractions will
be offered, and all of the trashy
shows will be eliminated.

Mr. Savage interviewed W. A.
Warren, president of the Cham-
ber of Commerce, Mayor C. R.
Burrow, and many other civic
leaders in regard to a special Can-
yon Day. A train was run last
fall taking more than a hundred
people with the drum corps. The
special day will be set in the near
future and Canyon citizens asked
to attend the exposition at that
time.

Bathing Beauty Win- ner to Be Entertain- ed at Palo Duro Park

Bastrop State Park will be of-
ficially opened Saturday and Sun-
day, according to information re-
ceived from W. T. Taylor. His
company has the concessions on
several state parks, including Palo
Duro State Park.

A bathing beauty contest will be
staged Sunday at Bastrop. The
winner will be awarded a trip to
the Palo Duro State Park.

Mr. Taylor has asked the Can-
yon Chamber of Commerce to send
a girl to enter the contest.

Mrs. M. M. Wester returned
Tuesday evening from Springfield,
Mo., where she was called last
week by the death of her sister's
husband, who was killed in a
truck accident.

Mrs. Fred Scott was brought
home from an Amarillo Sanitar-
ium Monday where she has been
for the past several weeks.

Practically All Checks Received Due to Randall

Payments are Made Very
Rapidly From the Of-
fice of County Agent
W. H. Upchurch

CONSERVE SOIL

Less Than 50 Checks to
Be Received In County;
Cash Great Aid to the
Farmers of Randall

Land owners of Randall county
have received \$277,443.37 in con-
servation checks during the past
week.

Announcement was made in last
week's edition of the News that
the first batch of checks, totalling
\$135,000 had been received.

Another large batch of checks
came Thursday, and other small
consignments followed daily until
Monday.

Practically all of the checks have
been received. Those missing were
irregular and took special consid-
eration in the county and state
offices in order to cure their de-
fects. It is hoped that all of the
missing checks will be received
during this week.

Land owners have flocked to
Canyon during the week to receive
this money. Checks go to about
845 farmers and land owners in
the county who have complied
with the conservation program of
the government.

W. H. Woods Died Tuesday, With Fun- eral on Wednesday

William Harvey Woods, 74 year
old resident of Canyon, died in
an Amarillo Hospital Tuesday
morning, April 20, following an
illness of three weeks, which was
the first sickness of his long and
useful life.

Funeral services were held here
yesterday at the First Methodist
Church conducted by the Rev. J.
O. Quattlebaum, pastor, and as-
sisted by the Rev. J. R. Hicks of
the Baptist Church. Interment
followed in Dreamland Cemetery
under the direction of Griggs-
Thompson Funeral home.

Pall bearers were: Elmer Mar-
shall, G. B. Heath, J. Madison
Daugherty, Vote Winn, Ed Weeks,
and A. B. Holt.

Surviving the deceased are his
widow, Mrs. Almonza Woods; three
daughters, Mrs. T. S. Maxwell,
Mrs. Ed Mickle, and Mrs. C. E.
Newberry all of Canyon; two sons,
J. W. Woods of Galena, Kansas
and E. W. Woods of Canyon; one
sister, Miss Margaret Woods of
Bentonville, Arkansas, who was
here for the funeral, and one
brother J. A. Woods of Centerton,
Arkansas.

Mr. Woods was born in Benton-
ville, Arkansas, Dec. 22, 1862, and
he moved to Canyon with his fam-
ily twenty-four years ago from
their home in Bentonville. He was
employed by the city for several
years before accepting a job with
the county as a highway rig main-
tainer employee, at which he worked
until he became ill last month.

Mr. Woods was an active mem-
ber of the Methodist Church and
was a member of the Board of
Stewards at the time of his death.
He and Mrs. Woods celebrated
their Golden Wedding Anniversary
two years ago.

Mrs. Woods observed the 74th
Anniversary of her birth yesterday.

Fathers and Sons to Banquet Tues. With FFA Club Canyon Hi

Fathers and sons will enjoy a
banquet Tuesday evening at Can-
yon high school entertained by the
FFA Club. This club has fed 500
chickens as a classroom project,
and fried chicken will be the main
feature of this banquet. The
chickens are battery fed—lights
being kept on all night in order
that the chickens may eat at all
hours.

Milton Morris is teacher of ag-
riculture and has this project in
charge. The boys are selling
chickens to finance the project.

THE TAX SCRAMBLE

Senator Sulak has had a constitutional amendment pending in the legislature since the opening of the session, the purpose of which is to impose a sales tax to pay old age assistance to all persons 65 years of age.

When the amendment was reached last week, Senator Clint Small introduced an amendment which would carry the sales tax proposal, but which re-writes the old age assistance plan, keeping it on the same plane as the present law prescribes—that of necessity. Senator Small proposes that the people of Texas shall vote directly upon these two vital issues.

Why not?

The sales tax has been discussed in two state wide campaigns. It has been condemned, criticised, commended from one end of the state to the other. The fact that it has had more open critics than it has organized support leads one to believe that possibly it would not carry if submitted to the people.

On the one hand, why not give the people a chance to say whether or not they want a sales tax? Senator Small proposes in his amendment to abolish the state ad valorem tax. A bill is pending in the senate to remit to the counties all ad valorem taxes. Why go to the expense of collecting this tax in the counties, sending it to Austin where it would be returned to the counties? Why not simply abolish this state tax on property and have the job done?

Any sensible person must realize that when \$9,000,000 of state ad valorem taxes are abolished or remitted, some other tax bill must take its place. The state is now \$15,000,000 in the red, even with the ad valorem tax. There is always the cry to pile the burden of taxes on corporations and natural resources. If these taxes are piled too high, the goose which lays the golden egg is automatically killed.

If the people of Texas wish to follow in the steps of 33 sister states and impose upon themselves a sales tax, why should the legislature stand in their way by re-

fusing them a vote on the proposal?

The greatest feature of Senator Small's proposal is to settle this pension business. There are a lot of petty politicians and would-be politicians in the state who maintain that the constitutional amendment which was adopted two years ago guaranteed a pension of \$30 to each and every person 65 years of age. Why not write this definitely in the constitution, stating that this assistance shall apply to only those who need the aid? Either do this, or else go the whole route and make it plain that each and every person is to receive this aid, regardless of the tax burden that it will impose. This problem should be definitely settled so that politicians must refrain from playing on the passions of the old people of the state and lead them to believe that they can secure something which is utterly impossible.

Perhaps something definite will be passed in the Senate before this is printed, but whatever has passed the Senate, or is under consideration in the Senate, still has to pass the House.

The First United States Circuit Court of Appeals in Boston has held unconstitutional the Social Security act by a 2-1 decision. This court was the first one to declare AAA unconstitutional, which decision was sustained by the Supreme Court. The Social Security act will now be passed upon by the Supreme Court, and efforts are being made to secure a decision before the court adjourns for the summer. The nine old men take the entire summer off while the rest of us sweat and labor. It is predicted in Washington that Justice Roberts will again cast the deciding vote. Features of the Security bill are now pending before the court, and an early decision upon the entire structure is greatly needed. Roberts was the only member of the court who did not ask pertinent questions when these features were under fire. Questions of the other eight judges pretty well disclosed their way of thinking. The decision of the Circuit Court will cast a shadow of doubt upon both employees and employers who are taxed 1% each to create a fund to pay future benefits. If the Supreme Court declares this act unconstitutional, the money paid in will likely be lost to both unless Congress makes direct appropriations for its return. The News cannot conceive of a situation so appalling that social security cannot be made legal in the United States. Certainly a nation has the legal right to secure its citizens against unemployment and against dependency in old age. It would certainly reflect upon the intelligence of this nation if it is found that the individual worker, his employer and his government cannot enter into a partnership to protect the future of the workman.

Don't Pick 'em Up!

The thinking driver does not drink. He needs no evidence other than his own conscience to tell him that driving when his reactions are numbed by alcohol is a cardinal traffic sin.

The drinking driver does not think. For his benefit the following statistics are offered. They are taken from 1936 accident reports analysed by The Travelers Insurance Company.

Of all drivers in fatal accidents, 7.3 per cent had been drinking. This is an increase of eight per cent over

1935. Of all drivers in non-fatal accidents, 4.3 per cent had been drinking. While these figures are based on a broad spread of official state reports, the accuracy of the picture they present will be questioned because of differences of opinion as to what constitutes drunken driving.

Even worse is the record of pedestrians. One out of nine pedestrians killed in 1936 was under the influence of liquor. And 5.3 per cent of all pedestrians injured had been drinking.

More people have been on strikes in this nation during recent months than at any other time in the nation's history. While it is a good sign that prosperity has returned to most sections, a very serious situation has been created. Perhaps capital is as much to blame as is labor. During the years of depression when no business was able to more than keep out of the red, thousands of men were laid off and unless they were able to secure government relief, many actually suffered. But during that time it was very striking that officials continued to draw their big salaries, some running from \$100,000 per year to \$400,000 per year. No doubt the laborers feel that an unequal division was made during the depression, and now that improvements are being made, "the laborer is worthy of his hire." The situation is very, very serious. The American Federation of Labor has lost its control to the ruthless John Lewis and his organizers. No one can really fathom what the results will be.

If the present power plants are so badly managed, or their profits are too high, why does not the government condemn the property and take over the existing businesses, rather than erect additional plants which will destroy the investment of thousands of stockholders? Fact is, very few lines of business can be maintained by the government so economically as those owned and operated by private enterprise. Building new power plants to compete with existing plants, destroys the savings of stockholders, and eliminates tax units for the cities, counties and schools. This is a very, very poor way to solve the power question.

Regardless of your view on the pending court reform bill, please answer this question: Would you hire any man for life, promising him a substantial salary as long as he lives, regardless of his physical and mental condition? Of course you would not. Then why hire lawyers as federal judges for life, when no other federal employees are hired for life, and are not guaranteed a salary regardless of their fitness to serve the public?

More than 2,000,000 boys have worked in CCC camps during the past four years. It is one of the very few New Deal agencies which has escaped severe criticism. Most of the boys who have been enrolled

would have been on the highways, thumbing a ride to no place in particular, had not the government given them useful jobs. The President is so well pleased with CCC that he has asked that it be made a permanent institution.

English Teachers Attend Conference at Austin Saturday

Dr. B. F. Fronabarger and Dr. Margaret Lee Wiley attended the College Teachers of English Conference held at Austin Saturday. Fronabarger read a 30-minute paper on curriculum changes in relation to the teaching of English in the morning session which was devoted to "The Relation of Colleges to Secondary Schools."

The afternoon session of the conference was occupied by the presentation of research papers. A banquet, concluding the meeting, was held Saturday evening at the University Club.

The Conference will meet at Denton next year as the guests of North Texas State Teachers College and Texas State College for Women.

Dr. Fronabarger and Dr. Wiley visited in Denton Friday.

Ex-Student Elected Faculty Member Portales College

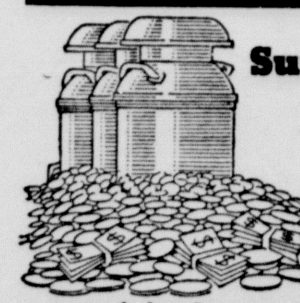

P. M. Bailey, 1925, who for the past five years has been teacher of Speech in the Portales, N. M. high school, has been elected to the faculty of the New Mexico junior college at Portales.

Since Mr. Bailey was a student at W. T. he has received his master's degree from the University of Colorado, and has done additional work at the University of Michigan.

Other members of the college faculty at Portales who are ex-students of W. T. are: the dean, Floyd Golden, and director of off-campus relations, A. E. Hunt.

Surest cash crop.. MILK

America's most important crop is milk—surest and largest source of farm cash. The markets for milk and cream, though often full to overflowing, never fail to bring cash income to the producer. Everyone in the dairy business depends on the development of more outlets for milk and milk products. This takes constant telling and retelling of the story of quality—of cleanliness on farms and in factories. Continuous research and aggressive salesmanship must convince the world that milk is the most important food. Borden research, invention and selling effort, have contributed for 80 years to the world wide appreciation of milk and milk products.

Swimmers Submerge Buffs In Dual Tourney

A superior and experienced New Mexico Military Institute swimming team submerged West Texas State in a dual meet at Roswell Saturday.

Each first and second place in all eight events were ceded to the cadets and all third places were garnered by the Buff team. By flashing a final half spurt, the Broncos sank the Buffalo water polo team 14 to 3.

On the 220 yard free style contest, Ramsey, Patterson, and Sanders finished in the top three places in a time of 3:1.

Binson set a new pool record in the 50 yard free style when he out-classed Boyd and Landon Terry in a time of 25.9.

McMinn out performed Patterson and Jack Jennings to take the fancy diving division.

In the 100 yard free style, Binson, Patterson and Robert Linder took the ranking places in a time of 1:18.

Hueter, Institute, added another record in the 150 yard backstroke to triumph over Williams and Gayle Hemphill. Time 1:58.4.

Boyd, Institute, broke the third record in the meet to win in the 200 yard breast stroke. Walsh and Carl Goettsche finished in second and third. Time: 2:55.1.

On the 440 yard free style, Booth, Gambrell and Lewis Ellison won the three places. Time: 5:58.2.

Both the medley relay and the 400 yard relay were taken by the Institute.

Lewis Ellison, distance swimmer of the Buff squad was selected as captain of the team.

Want to Fly Around the World? Well, Your Aerial Ticket Is Ready for You!

THAT aerial ticket, good for one fast passage around the world, is waiting for you!

It'll cost you \$2255.66, but it provides a good ride for your money—21,000 miles. Aviation is no longer testing on these round-the-world flights; it's actually operating commercial service.

As a matter of fact, you can purchase your first globe-circling tour on a single ticket April 27. On that date United Airlines, in co-operation with affiliated lines, will start you off around the world from San Francisco, promptly at 3 p. m.

From the American mainland you would "Clipper" to Hawaii, Wake, Guam, and on to the Philippines. And then, for the first time via commercial plane, you would "Clipper" on to Macao and Hongkong. Thus, if originally you had started from New York, you would have traveled a distance of 11,600 miles under the American flag and by American transports.

ONCE in Hongkong you would board one of the giant Dutch KLM airliners to continue around the world. In swift succession you would cross to Singapore, Bangkok, Rangoon, and Calcutta. Ultra-modern airports today grace these ancient cities, linking the world in one vast network.

From Calcutta the route darts across the torrid east to Bagdad, storied city of antiquity; thence to Athens, Vienna, Milan, and finally Frankfurt. You would arrive there May 23, on the present schedule, assuming that you had left San Francisco April 27.

And from Frankfurt you would board the gigantic zeppelin Hindenburg for the final lap of your trip to America. On schedule, you would arrive at the zeppelin hangar at Lakehurst, N. J., May 25. A few hours more and your fare would have carried you on to San Francisco. Thus, you would have circled the globe on a single ticket in less than a month's time.

Modern aviation is as breathtaking as that. Consider, for example, the current project of Pan-American Airways to launch a mail, passenger, and freight route from California to Aus-

tralia and New Zealand.

Already a trial flight has been completed, a survey made of the route, and plans laid for eventual regularly scheduled service. With gigantic Sikorsky planes capable of 163 miles an hour, officials contemplate the same successful service across the southern Pacific that is now available across to Manila and Hongkong.

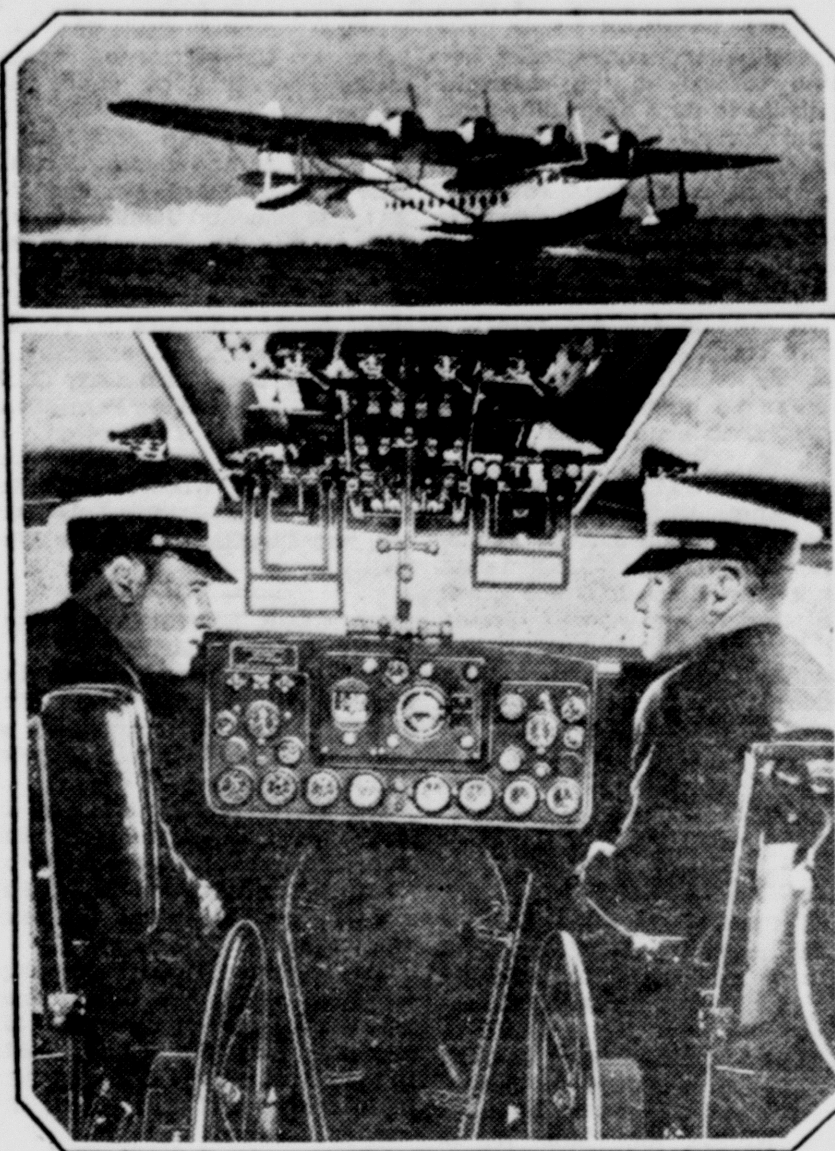

THESE new Sikorskys carry automatic pilots, three compasses, wing "air brakes," two radios. Two walls and the roof

of the engineer's station are studded with 81 gauges and controls. The ships have a cruising radius of 3500 miles.

Such is the saga of today's aviation. And the end is not yet in sight. Confidently, officials predict that it's only a matter of time until you can fly around the world in 10 days, or two weeks.

The whole thing's a matter of sitting down with a competent air traffic expert and figuring out the connections.

Of course, there's that \$2255.66, but that's the price of progress!

Giant monarch of the waters is the Pan-American clipper ship shown above, one of the types in use today over the Pacific. Powerful, yet delicately sensitive, these huge ships speed across oceans while the officers at their controls look calmly on. Here two air-men discuss the weather as the liner operates by automatic pilot.

Texas Tech Net Squad to Meet Buffaloes Friday

Determined to augment their long string of victories, the netters of Texas Tech will vie with the W. T. raquetters on the college concrete courts Friday.

Coach Lockhart, Buff mentor, may have to revamp his entire squad if his ace netter, George Smalley, fails to recuperate from a siege of illness. Without the services of Smalley, the squad will be seriously hampered as no member of the team is capable of stepping into his position.

Rivalry for the ranking position in singles is between Glyndon Riley, Norton Curry, and Jack Hays, Amarillo College transfer. Lockhart has not divulged any information as to who will step into this slot.

Other members who are virtually assured of one of the positions are Darrell Hemphill and Woolworth Russell. Ralph O'Keefe, a new member of the squad, is a strong contender for one of the places.

The Tech squad, composed of Harry Jordon, Wilson Chapman, Aubrey McCarty, Fancher Upshaw, H. A. Bozeman, and Hector McKay, has shown remarkable improvement since the W. T. squad handed them two defeats last fall.

Two hand-carved oak chairs, presented by the graduating class of the summer of 1936 to the Panhandle-Plains Historical Society, have recently been completed and placed in the Museum on the campus in time for the opening of the 1937 annual meeting of the P.-P. H. S. here last Friday.

The chairs, patterned after the middle eighteenth century period furniture, are carved from white oak. They were designed and carved by John A. Gillis of the College manual training department. Designs for the carving were prepared by Miss Isabel Robinson of the art department.

While the chairs are designed on the pattern of middle eighteenth century period, they are not copies but are original designs, Mr. Gillis said. All work was done in the manual training shop.

Dark blue velvet cushions with cord and tassels will carry out the early period design.

Sheffy Publishes Article In Current Texas Magazine

L. F. Sheffy, head of the history department of W. T., is the author of an article in the current issue of "West Texas Today," concerning the progress of the Panhandle-Plains Historical Society and giving much information in regard to the annual meeting of the Society which was held here Friday.

In the article, Sheffy called attention to the huge collection in the Museum of historical and scientific materials which relate to the Plains region.

This New McCormick-Deering No. 8 Field Cultivator Is a Sure Winner

Built in 6 Sizes for: Preparing Seedbeds, Killing Weeds, Renovating Alfalfa, Orchard Work, Summer-Fallowing, and Conserving Moisture.

● Few farm implements can be used for such a wide variety of work. The new "No. 8" can be equipped with stiff teeth or heavy spring teeth for use in many types of unplowed land, or for deep cultivation. Or it can be equipped with light spring teeth for shallow cultivation in plowed ground. The change from stiff teeth to heavy spring teeth can be quickly made in the field. The "No. 8" is built in 5½, 7, 8½, 10, and 12-foot sizes for horse

or tractor operation, and in 14-foot size for tractor use only. All sizes are built with hand lift or power lift. This field cultivator is built to do some of the hardest work to be found on any farm. It is built with unusual strength and durability in every part, yet it is known for its light draft under even the most severe operating conditions.

CONSERVING STORAGE SPACE DISCUSSED

More space is wasted than is used in the storage of dishes and cooking utensils in the kitchen, according to Miss Allie Dozier, when she gave a talk to members of the West Side H. D. Club, Friday, April 16, at the home of Mrs. J. J. Wright.

The children should be given a chance to express their ideas in planning a successful kitchen, rather than an ideal one. By the re-arranging of shelves, making them movable, and painting the inside of the cabinet and the shelves a light color, better storage can be arranged. Refrigeration was discussed as the most important and convenient storage for foods. Ventilated pantries were also explained.

Plans were made for a one hundred per cent attendance at the one day short course, which will be held May 6.

During the recreation hour, Mrs. J. J. Wright had charge of the games.

The hostess served delicious refreshments of ice cream and cake to the following: Mrs. C. L. Gordon-Cummings, Mrs. Tony Burrus, Mrs. Joe Baber, Mrs. Joe Tucke, Mrs. John Hunter, Mrs. J. A. Smith, Mrs. W. C. Roberts, Mrs. B. A. Burrus, Mrs. Lena Tucke, Mrs. Clark Ash, Mrs. J. M. Caruth, Mrs. L. D. Winn, Mrs. L. H. Holman, Mrs. J. W. Bourn, Mrs. Ed Bourn, Mrs. Tom Dowlen, Mrs. F. E. Stockhaus, Misses Kitty Burrus and Allie Dozier.

The club will meet with Mrs. John Hunter on May 7.

MRS. LEVI COLÉ HAS BLUE-BONNETT NEEDLE CLUB

Friday afternoon Mrs. Levi Cole entertained members of the Blue-bonnet Needle Club at her home, where violets and petunias were placed at points of vantage in the entertaining rooms.

The birthdays of Mrs. Jay Prichard, Mrs. Fred Mye and Mrs. Heffner were recognized by the presentation of gifts from the club. Mrs. Mye was elected president of the club to succeed Mrs. W. H. Upchurch, resigned.

At the tea hour a delectable salad course with iced tea was served to Mrs. A. E. Brown, Mrs. John Guthrie, and Mrs. M. E. Rhoads, guests; and club members Mrs. George Small, Mrs. Earl Craig, Mrs. Merton Myers, Mrs. R. E. Ball, Mrs. J. B. Morriset, Mrs. Tom Brasher, Mrs. Norval Dickerson, Mrs. J. L. Heaffner, Mrs. Guy Cole, and Mrs. Mye.

EMERGENCY SHELVES ARE VERY ESSENTIAL

The emergency shelf should include a balanced meal, with a variety of fruit and vegetables for the small children as well as the grown ups. This was discussed by members of the Sunny Hill H. D. Club when they met Tuesday in the home of Mrs. Lela Castleberry. The emergency shelf is an essential part of every home.

Refreshments were served to Mrs. Otto Lehnick, Mrs. S. L. Robinson, Mrs. R. B. Gist, Mrs. Nettie Humphrey, Mrs. Henry Ratjen, Mrs. Tyson Hankins, Mrs. L. O. Jennings, Mrs. A. E. Wise, Mrs. J. B. Knox, Mrs. Glenn Dowlen, Mrs. Dee Castleberry and Mrs. Lela Castleberry.

TWO LOVELY PARTIES GIVEN BY MRS. ROSE

Beautiful in detail were the parties given last Thursday and Monday afternoons by Mrs. J. H. Rose at her home east of Canyon.

Thursday afternoon five tables were placed for bridge, with a color scheme of purple and yellow carried out in the appointments and decorations. Mrs. M. E. Cantrell was winner of high score prize at the conclusion of the games. Cut prize went to Mrs. R. A. Terrill.

Tables were centered with bouquets of violets in miniature rainbow colored vases for the delicious refreshment plate of chicken salad with smacks, olives, potato chips, cookies and grape fruit punch, which was served to: Mrs. Wm. Anderson, Mrs. C. R. Burrow, Mrs. Clyde W. Warwick, Mrs. N. E. McIntire, Mrs. George Nance, Mrs. Pat Whittington, Mrs. R. E. Ball, Mrs. M. E. Cantrell, Mrs. Harris M. Cook, Mrs. R. N. Barnett, Mrs. Irvy Carruth, Mrs. Guy Harp, Mrs. C. L. Thompson, Mrs. J. Madison Daugherty, Mrs. A. W. Hawks, Mrs. R. A. Terrill, Mrs. J. S. Humphreys, Mrs. Mitchell Jones, Mrs. Carl Scott, Mrs. J. W. Klein-schmidt, and Mrs. J. D. Barker.

On Monday afternoon the house decorations were of cherry blossoms with table centerpieces of lilacs and tulips.

At the conclusion of bridge at five tables Mrs. C. H. Jarrett was the winner of high score prize with Mrs. T. H. Campbell receiving consolation.

A tasty salad course was served by the hostess to those seated, including Mrs. Wallace R. Clark, Mrs. D. A. Shirley, Mrs. C. H. Jarrett, Mrs. R. A. Neblett, Mrs. M. S. Bishir, Mrs. C. N. Harrison, Mrs. Donald Trolinger, Mrs. Clyde McElroy, Mrs. Lee Poster, Mrs. Grady Oldham, Mrs. D. M. Stewart, Mrs. Chas. Dickey, Mrs. J. J. Walker, Mrs. T. H. Campbell, Mrs. L. F. Sheffy, Mrs. F. E. Savage, Mrs. T. H. Knighton, Mrs. George Nance, Mrs. Wm. M. Anderson, and Mrs. C. R. Burrow.

PARTY IS GIVEN FOR MRS. W. H. SPARKS

On Friday afternoon of last week, Mrs. C. H. Stratton entertained a group of friends at her home honoring Mrs. W. H. Sparks, who moved to Clovis over the week end.

Delicious home made ice cream and banana cake was served by the hostess assisted by Mrs. M. E. Sogee, at the conclusion of the social.

Present were Mrs. I. A. Hicks, Mrs. Mollie Stevenson, Mrs. E. B. Anthony, Mrs. Hammond, Mrs. R. M. Frances, Mrs. R. W. Ratcliff, Mrs. Sparks, and Mrs. Sogee.

HARRY WOODS HAS MONDAY NIGHT CLUB

Mr. and Mrs. Harry Wood entertained members of the Monday night Club this week at their home. Three tables were arranged for bridge which was played until a late hour.

A tasty dessert course with salted nuts and coffee was served to Mr. and Mrs. Andy Walsh, Mr. and Mrs. Warren Johnson, Mr. and Mrs. Winfield Miller, Mr. and Mrs. Owen Williams, Mrs. J. Madison Daugherty, and A. K. Goodman.

CONSERVING OF CABINET SPACE STUDIED BY CLUB

The Edgetown Home Demonstration Club held its regular meeting Friday afternoon at the home of Mrs. O. M. Solomon.

Ample storage space for food and cooking utensils was stressed by Miss Allie Dozier in her discussion on convenient kitchen arrangements. She brought out the point of conserving shelf space in the cabinet by the use of different width shelves and placing them at different spaces, thus keeping everything in sight and in place.

Miss Ruby Mashburn, district home agent, was present and gave a very interesting and helpful talk. The Plainview Dairy Show was also discussed by the members.

Refreshments of chocolate cake and coffee were served to Miss Mashburn, Miss Dozier, Miss Mable Solomon, Mrs. W. B. Smith, Mrs. Ernie Brooks, Mrs. Roy Speck, Mrs. G. H. Hardman, Mrs. Mrs. C. Weathersbee, Mrs. J. M. Breiting, Mrs. F. M. Brazil, and Mrs. Solomon.

LUNCHEON ENJOYED BY CIRCLE TUESDAY

The Martha Stewart Circle of the Methodist Church held an all day meeting with Mrs. W. E. Tandy, 2100 Sixth Avenue Tuesday. Rev. and Mrs. J. O. Quattlebaum were special guests of the morning session, and he gave the devotional, followed by an inspiring talk by Mrs. C. M. Dowlen, also a special guest.

The general study topic was "Achieving a Christian Home Today," which study was continued throughout the afternoon.

At the noon hour a bountiful lunch was enjoyed by Mrs. Lawrence Shuman, Mrs. Alfred Belah, Mrs. Bob Cox, Mrs. T. M. Moore, Mrs. P. L. Walters, Mrs. Levi Cole, Mrs. J. B. Morriset, Mrs. J. B. Jope, Mrs. George I. Taylor, Mrs. Harry Wood, Mr. and Mrs. Quattlebaum, and Mrs. Dowlen.

HIGHLAND H. D. CLUB HAS FORTY TWO PARTY

The Highland Home Demonstration Club sponsored a "42" party Saturday evening at the Highland school house.

Following a very enjoyable evening refreshments were served to the following: Mr. and Mrs. Elmer Mason, Mr. and Mrs. Carl Fuqua, Howard and Harry; Mr. and Mrs. Albert Griggs, Nina and Allen; Mr. and Mrs. Ben Nesselroad, Mr. and Mrs. Sam Griggs, Mr. and Mrs. J. D. Anderson, Mr. and Mrs. Floyd Mitchell, Mr. and Mrs. Tom Boling, Mr. and Mrs. R. E. Sweet, Mrs. W. W. McDade, Mary Ann Beden, Mrs. Clay Fuqua, Mary Beth and Leslie Griggs, Doris and Eldon Gouldy, Wilda Mitchell, Frances Boling, Betty Lee Hill, Mary Watson, Clarence Beckman and daughter, Luther Mason, Johnny and Robert Bedink, Dee McDade, O. J. Brown, John McClain, Jack Cage, Howard Reed, and Orville Davis.

SUNNY HILL CLUB HAS BRIDGE SOCIAL FRIDAY

With invited friends and husbands as special guests, members of the Sunny Hill Home Demonstration Club were entertained at the home of Mr. and Mrs. Otto Lehnick Friday evening of last week. Mr. and Mrs. Tyson Hankins acted as assistant host and hostess.

Following several hours of gaiety a lovely refreshment plate was served to Mr. and Mrs. Henry Ratjen, Mr. and Mrs. R. B. Gist, Mr. and Mrs. Dee Castleberry, Mr. and Mrs. W. T. Robinson, Mr. and Mrs. Carroll Bray, Mr. and Mrs. L. O. Jennings, Mr. and Mrs. S. L. Robinson, Mr. and Mrs. A. E. Wise, Mr. and Mrs. J. M. McFarland, Mr. and Mrs. Glenn Dowlen, Mrs. Lela Castleberry, Mrs. Nettie Humphrey, Mr. and Mrs. Tyson Hankins, and the Lehnicks.

MRS. LAUGHERY HAS ROSE WALKER CIRCLE

The Rose Walker Circle of the Baptist Church met with Mrs. Minnie Laughery Tuesday afternoon. Mrs. W. H. Hardin was leader of the Bible study.

Roll call was answered by Scripture readings. Members present included Mrs. E. B. Anthony, Mrs. J. C. Dowd, Mrs. I. M. Sten, Mrs. R. W. Ratcliff, Mrs. C. W. Morris, Mrs. C. H. Stratton, Mrs. J. R. Hicks, Mrs. J. D. Key, Mrs. G. C. Cole, Mrs. M. E. Sogee, Mrs. T. W. Ziegler, Mrs. W. H. Hardin, Mrs. Elsie Money, visitor, and Miss Florence Bellah. The hostess served Zwieback pudding with whipped cream at the conclusion of the study.

MRS. DAUGHERTY HAS CIRCLE MEETING

Mrs. J. Madison Daugherty gave the devotional Tuesday at the regular meeting of the Rose Appleby Circle, which met at her home. A short business meeting was held by the president, Mrs. L. Wirt.

Mrs. T. H. Knighton gave a very interesting review of the book "Follow Me," by Euna Roberts Lawrence.

Refreshments of cake and coffee were served by the hostess.

BUSINESS WOMEN HAVE ENJOYABLE EVENING

A very pretty party was given for members of the Business Women's Club Wednesday evening by Mrs. N. E. McIntire and Miss Gwendolyn Black at the McIntire home.

Bowls and vases of purple lilacs, pink tulips, and honeysuckle, were placed throughout the entertaining rooms to form a pleasant background for five tables of bridge. Miss Allie Dozier received high score prize, and Miss Gladys McClanahan received consolation prize.

Colorful spring covers were placed at the refreshment hour and the tables were centered with lovely red roses in tall bud vases. A dessert course of pink and white brick ice cream, individually iced cakes, salted nuts, and punch was served. Each plate carried a small bunch of violets.

Present were Misses Ruth Greenfield, Annie Ruth Eastus, Olive Schramm, Virginia Jarrett, Pauline Crittenden, Gladys McClanahan, Annie Sue Brasuel, Grace Clark, Allie Dozier, and Jewell Foster; Mrs. Berl E. Boston Newspaper Plays Up Petrified Wood In Courts

"Petrified wood is used for houses in Texas," according to a recent issue of the Christian Science Monitor, published at Boston, Mass. This startling information appeared in a caption over a picture of Buffalo Courts, unique and picturesque athletic headquarters at West Texas State College in Canyon.

"Scores of tons of petrified wood in various colors comprise the material that went into the walls of 22 cottages and a two-story community recently erected on the West Texas State College campus," the Monitor continued. "The durable building material was collected from the picturesque canyons in the Northwest Texas region near Canyon."

The Courts have attracted national-wide attention for their originality of design and the variety and clever arrangement of the petrified wood and natural stone used in their construction.

A. A. Meredith, District Director of WPA, Amarillo, enclosing a clipping from the Boston paper, commented in a letter to Dr. J. A. Hill, President of the College: "It is not surprising to me that those gathering material for this widely circulated news-agent would seize upon the opportunity to give favorable mention to a project such as you and your faculty have conceived and are building in Buffalo Courts at Canyon. We receive congratulations continually from many prominent people who see the work you have done on your campus with relief labor."

Wagnerian Smile After Court Ruling

The high good humor Senator Robert F. Wagner, left, of New York, displays here is based on sound grounds. The senator is being congratulated by his colleague, Senator Joseph Guffey of Pennsylvania, just after the United States Supreme Court had ruled upholding the Wagner Labor Relations act in five separate cases. The Wagner act provides for collective bargaining and aims to improve employer-employee relationships. The court's decision, 5-4, was regarded a major New Deal victory.

Howdy, Kids!

How's this old world a treatin' you kids now? You may think it's mighty hard to abide by school rules, but it won't be long now until school will be out and you won't have any old school rules to abide by for three whole months. The seniors go around grinning and saying that they will be glad to finish high school, but under the grin they feel sorta blue to think about leaving old Canyon High for good.

I heard Mr. Milton Morris had a friendly chat with his book-keeping class and he told them, in a pleasant enough manner, that if they didn't finish a certain piece of work before school was out he would flunk them in the course. So you bookkeepers better perk up and get the work done.

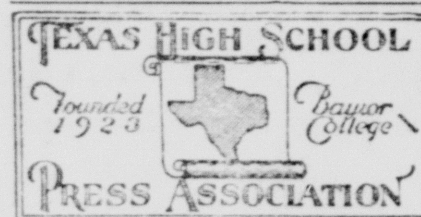

From what I can gather, Charlie is coming to Canyon High tomorrow night, and I shore want to see him. It seems like Charlie is a senior and is going to perform in the Senior Play. When I visit school, I see "Here Comes Charlie" written around everywhere, and it shore does have my curiosity aroused.

When I walked in the school building the other morning, I heard something chirping. I looked around and finally it dawned on me that the agriculture boys' chickens were making that racket. I went on up to the third floor, and sure enough, by what my nose and ears told me, I felt like I was in my own chicken house. I sure hope those chickens are getting a good education. You know, it might not be bad to have educated chickens.

Let's all meet at the school house Friday night at 8 o'clock to see "Here Comes Charlie," cause I hear it shore is gonna be a good play.

So long, Cactus.

P. S. I happened to be in the study hall the first period in the afternoon two or three days ago, and C. L. and Mary Catherine are always studying at the same table. I spoke to the teacher, Coach Hutto, about it, and he said it shore looked serious to him, and they are both seniors!

IT MAY BE YOUR NECK BROKEN NEXT

In one of Mr. Sanders' classes the students are learning about safety. This is one of the most commendable courses that could be included in any curriculum. One of the strongest of human instincts is that of self-preservation. Until a few years ago, little thought was given to means of accident prevention. However, due to the modern high-speed automobiles alone, safety has become important. Safety should be taught in more than one class in school. It is not true that accident victims are children not yet arrived at the cautious age or adults with children's minds, but sometimes adults of high intelligence fall victims through someone's recklessness. The accident prevention problem, therefore, concerns all classes and all ages. It must be dealt with thru education in safety measures and especially by surrounding people

To all there come times in life when words are totally inadequate to express our emotions. Therefore we, the students and faculty of Canyon High School, can only say that we extend to our superintendent and his family our deepest sympathy for their sorrow over the death of Mr. Carruth's father.

SENIORS PRESENT "HERE COMES CHARLIE"

All-State Bands To Meet Friday

Tomorrow morning at 10 o'clock the Canyon High School band will go to Pampa to play in the contests for Class C high school bands. They will play "Sir Galahad" by Hildreth, "Panora" by Holmes, and "Little Giant March" by Moon.

At noon Friday there will be a luncheon for all band directors. Saturday morning the Class-A and Class-B concerts will be held and Saturday night the all-State band concert will be given. Two boys from the Canyon Band, Grant Sharman and Hudson Prichard, are members of the all-state band.

The judges for the program will be Mr. A. L. McAllister, president of the American High School Association and director of the Joliet High School Band of Illinois, winner for six times; Colonel Irons of Arlington; Professor D. O. Wiley from Texas Tech; and two other judges.

Those making the trip are as follows:

Cornets: Hudson Prichard, Annie Ruth Schmitz, Carl Small, Billy Joe Hunter, Stuart Condon, and Robert Laughery.

Trombones: Grant Sharman, E. F. Hicks, Martha Frances Campbell, Wilda Marsh, and Sunshine Harden.

Basses: Kenneth Cofer, Waine Marsh, and Paul Nickelson.

Altoes: Vera Faye Marsh, Dannie Stewart, and Gordon Lynn Dickerson.

Baritone: Carl Crisswell and Eugene Newberry.

Clarinets: W. J. Wooten, Dean Nicholas, Harry Brown, James Woods, and J. Spencer Winn.

Saxophones: Robert Bellah, Mary Lou Burnett, James Sharman, and Bradford Black.

Drums: Robert Ziegler, Vaughn Vandergriff, Polly Cluck, and Ray-nelle Rigby.

R. G. Stephenson, director. The group will return after the final program Saturday night.

Changes Are Made In Faculty Play, "Mama's Baby Boy" Davis Is Colored Maid

In order to have an all-faculty cast, Mrs. John Davis will take the part of Minnie, the colored maid, in "Mama's Baby Boy," the faculty play to be presented Tuesday evening, May 4. Helen Hurst, junior student, was originally scheduled for the part.

The play is a hilarious farce in three acts. Mrs. McLean, Miss Ruth Greenfield, an attractive widow of forty, who looks much younger, is, in her own words, "so flat broke that you could play her for a Victrola record." She sets her cap for Luther Long (Mr. H. G. Moore) a handsome widower of forty, who also looks younger than his years, who she thinks is very wealthy. It develops that Long has the same motive in mind for marrying Mrs. McLean, as the collapse of the stock market caught him, too.

Neither party to the match is willing that the other should know that there is a grown child in the offing. So Mrs. McLean has Shepherd (Mr. Gerald Brown) her eighteen year old son, to dress in the short suit that he wore when he was fourteen; while Long pawns Juliet (Miss Annie Ruth Eastus) his seventeen-year old daughter, off as thirteen by having her wear a short dress and talk baby talk. Complications ensue when the pair's friends, to tease them, also dress as youngsters, as do also Mrs. Blackburn, (Miss Pauline Crittenden) Mrs. McLean's mother, and Minnie.

Admission to the play will be fifteen cents for grade school children only and twenty-five cents for all others. Proceeds will be used to defray the expenses of the Press Club to the Interscholastic League Press Convention in Austin the week-end of May 7 and 8.

with standard safeguards. It is a blind chance that anyone will emerge safely from one of these accidents. Certainly part of any school's program should be devoted to teaching safety.

P. T. A. Will Hold Final Meeting

The final meeting of the Parent-Teachers Association will be held in the high school auditorium this evening at 8 o'clock. The report from the State Convention will be given, and Miss Fannie Sue Brasuel and the home economics girls will be in charge of the program.

The program will be on good taste. Mildred Shuman will give a general introduction on good taste. Good taste in school dress will be discussed by Evelyn Cluck. She will use as her model the four first-year girls that placed on their school dresses. Good taste in boy's dress will be presented by some boy taking general home-making.

A debate on food manners will be given by Pauline Moore and Lillian Chambers.

The winners of the selection of kitchen equipment in the second-year homemaking class will talk on "Efficiency and Beauty Combined to Make Good Taste in the Kitchen." The final speech will be on flower arrangement, and it will be made by the winner of the first-year home economics contest. This is the last program and meeting of the year, and every parent is urged to be present.

Well, the district meet is over and the Eagle track team didn't do so well. Outside of Ray Ford Rusk's first place in the high jump and C. L. Drummond's qualification in the 220 yard dash, the Eagles didn't even show. Jack Middleton really ran the pants off the boys in the quarter, although he didn't have enough left to finish.

Luke Miller really strutted his stuff in the high jump. The contest started at five feet, and Luke jumped three times at it and missed every time. The crowd really got a laugh out of that. Luke entered the high jump, discuss throw, and javelin throw and didn't qualify for the finals in any of them. Well, it's all in the

CANYON FAILS TO PLACE IN MEET

Canyon entered teams in boys' and girls' debating and typing, and one speaker in declaiming.

Sherman Higdon and John B. Pope, boys' debate team, drew a by in the first round of the debates, which automatically put them in the semi-finals, where they lost to Friona.

Shirley Ann Oliver and Lillian Chambers, girls' debate team, were defeated by Kress in the first round of the tournament.

Renna Beth Bellah entered the Junior Declamation Contest.

Pauline Moore and Renna Beth Bellah entered the typing contest, but failed to place.

game, Luke. Don't get discouraged. The rumor got out at the track meet that Callahan was a real mile man. He lived up to his reputation at the start and started out to run the mile at a clip that would do credit to a half-mile run. Cally pooped out on the first quarter and quit. But he really set a pace for them. Pair of Friona held it and ran on for first place. It was all a frame-up, and Coach Hutto really got a laugh out of it. He lost two pounds laughing.

I still can't get over the fact that Coach Hutto thinks he is a better golf player than Mr. Brown. I don't believe it and never will.

C. H. S. To Crown Queen At Annual Stunt Night Which Will Be Held On April 29

Meet The Seniors

J. C. Bellah likes car-riding as a hobby. Mashed potatoes is his favorite food, while his favorite subject is civics. As for people, he admires brunettes of medium height, healthy and athletic. His pet hate is dirty faces. J. C. wants to be manager of a wholesale grocery.

Willard Childers, president of the senior class, has as his hobby flirting with girls. His favorite food is apples, and his favorite subject is mathematics. His pet hate is civics. He likes pleasant, smiling, nicely-built, good-looking girls. In later life he wants to be in the field of engineering.

Evelyn Cluck has sewing as her hobby. As for foods, she prefers pickles and ice cream—but not together. Home economics is her favorite subject; gossip is her pet hate. Evelyn wants to be a designer.

Mary Collins, editor of the Eagle's Tale, likes pickles and tomatoes, and her favorite subject is journalism. Writing is her hobby; gossip is her pet aversion. Mary has had one brother and two sisters to graduate from Canyon High. She likes honest, sincere people with a sense of humor, and she wants to be a journalist.

Kate Eileen Donnell finds that basketball is her hobby. Gravy (with or without bread) is her choice in food, while chemistry holds first as to subjects. She dislikes affected or pretentious people. Two of her brothers and one sister have graduated from C. H. S. Kate wants to be coach in big-league girls' basketball.

Athletics are C. L. Drummond's hobby. "Bulldog" chooses ice cream and angel food cake as his favorites in foods, and bookkeeping in subjects. Dizzy blondes are his pet hate. He wants to be a journalist.

Billy Greenfield is another senior with basketball as her hobby. Her favorite food is chicken, and she likes bookkeeping best in her subjects. Three of Billy's sisters and one brother are products of C. H. S. Billy likes boys and girls who are both athletic and studious and who have a sense of humor.

Herschel Burrus has reading for his hobby. Fried chicken is his favorite food, and home economics is his favorite subject. (Perhaps he thinks it is safer if he knows how to fry his own chicken.) Three members of his family have graduated from Canyon High School.

Rusk Wins High Jump In Dis- trict Meet

At the district track meet held at the college last Saturday, seven Eagle cindersmen entered in the following contests:

"Bot" Rusk entered the 220 yard dash, but didn't fare so well. However, he took first in high jump by jumping 6 feet, 1 inch.

Jack Middleton and Sherman Higdon entered in the mile run but had to eat dust at the finish.

"Luke" Miller, the all-around man, entered in every event of the meet, failed to take first places.

R. E. Prichard gave the track men tough competition in the quarter-mile lap.

"Nig" Callahan set the pace in the mile by making the first lap in 61 seconds, but dropped out of the race on his second lap.

Coach Hutto stated that the reason for not placing in the races was that the boys were not in good condition. "We either take first or nothing," he said. So they took nothing except "Bot" Rusk is a promising prospect to take first in State high jump events.

The regional track meet will be held here at Canyon next Saturday.

GERTRUDE MILLER HOSTESS AT BUFFET MEAL

Gertrude Miller acted as hostess to the first-year homemaking class last Tuesday noon at a buffet meal. The food was prepared and placed on the table during the class period from 11 to 12 o'clock.

Meat balls, mashed potatoes, peas in cheese sauce, carrot-cabbage salad, whole-wheat muffins, and chocolate pie made up the menu. They ate in the clothing room. Each table was decorated with fruit blossoms.

Help Keep Canyon Clean!

The annual Stunt Night will be next Thursday night in the high school auditorium. At this time the class who has worked the hardest and put it's princess over will have her crowned Queen of Canyon High School.

The senior class is the only class now in high school who has ever crowned their queen. When they were freshmen, they crowned Mary Collins and Jack Middleton.

The various clubs in town are invited to present stunts along with the high school clubs. Some of the clubs in high school who will put on stunts are the Junior Homemakers, F. F. A. Club, Choral Club, Stagecrafters, Pep Squad, and C-Club.

There will be three judges to choose the best stunts. These judges are to be in no way connected with any stunt. There will be two prizes given, three dollar prize to the best high school stunt and a three dollar prize to the best stunt from a town club.

At the end of the stunts, the queen will be crowned.

The admission will be 10c to everyone. The money made from this will aid the Senior Class in buying their gift for the school.

Sanders Teaches Safety-First

Mr. Milton Sanders, teacher of manual training in Canyon High School, is teaching a safety-first course to his freshmen and sub-freshmen manual training classes. The course takes up safety in driving a car, in shop work, and in all other phases of the National Safety Program.

The course will be taught for the duration of six weeks. At the end of this period, the members of the class will be taken in cars and tested as to their knowledge of safety rules in driving. Also extensive tests will be given on the other safety features studied.

According to Mr. I. B. Carruth, such a safety course has long been needed and the course is one of the most important features of the school year. It is planned to offer a regular class of this type next year.

Visual Ed., Radio Is Study Topic

Visual aids and radio, two modern contributions to education, were discussed at the regular monthly meeting of the Faculty Study Club Wednesday evening of last week.

"All of us are familiar with the more common types of visual aids, such as maps, charts, pictures, and models," stated Miss Jewell Foster in discussing this topic. "Today, however, the most modern and best-equipped schools use the newer types of visual aids, in the form of projected slides, still films, motion pictures, and, better still, talking films."

Miss Foster cited proof of cases in which the use of such devices in classes in science, history, social sciences, literature, language, and other subjects had aroused and maintained interest on the part of the pupils and had stimulated further study in the subject. She also gave the names of various companies supplying slides and other visual materials.

"Radio is the most impressive cultural medium discovered since the invention of printing," commented Miss Grace Clark in her discussion of "Radio and Education."

Prefacing her discussion on the part radio plays in education, Miss Clark gave a brief history of this new business, in which she showed that radio as a national influence is less than ten years old, since the National Broadcasting Company, the first of the networks, was organized late in 1926. She also showed how the various programs have changed, both in number and in variety.

Miss Clark stated that there are about thirty stations in the United States designated as "educational stations," but that all programs have a definite educational influence of one sort or another. She gave examples of several schools that have radio programs as part of their regular schedule.

Miss Annie Ruth Eastus served as chairman of the meeting.

George Burleson of Amarillo visited Pauline Harris, senior, Sunday.

Doris Marie Ball, seventh grade, was in Tulla Sunday.

Play Is To Be Given In Auditorium Tomorrow Evening

"Tis the night before Charlie comes, And all around the town Everyone is anxious For Friday to come around."

The thrill you have been waiting to experience will be at the high school auditorium tomorrow evening at 8 o'clock. If you want to see a colossal super-production, don't miss it!

Did you ever see C. L. Drummond make love to Mavis Harden, or in the role of "proud papa?"

Did you ever see Billy Greenfield as a wild little hill-billy?

Did you ever see Marielle Oldham act like a society humbug?

Did you ever see Sherman Higdon as a hill-billy butler?

Did you ever see John B. Pope as a high-powered (or maybe it's low-powered) society gentleman?

Did you ever see Betty Ruth Solomon act the part of a bossy old woman?

Did you ever see Melvin Callahan in a sarcastic college-boy role?

Did you ever see Jack Inman play the part of a policeman in love with and courting Hardine Rogge, the maid?

Whether you have seen these things or not, you may see them in "Here Comes Charlie." Every one of them contributes to making this play literally a scream.

Come and see it and you will enjoy a full evening's hilarious entertainment. Don't miss the Senior play Friday evening, April 23, at 8 o'clock in the high school auditorium. Admission is twenty-five cents for everybody.

Tom-Thumb Wed- ding Given By Grades

A Tom-Thumb wedding given by first and second grade pupils was the program for assembly Wednesday of last week. It was held in the grade school gymnasium, and the high school pupils attended.

As Miss Gwendolyn Black began the pre-nuptial music, the usher led forward the guests. Then Max Bellah sang "When You and I Were Young, Maggie," followed by "I Love You Truly," sung by Janell Allan.

Then Brother Thomas Harold Thompson and the bridesmaids, Rena Lindsey and Rosalie Campbell, the maid-of-honor, Billie Donner, the best man, Cortez McNeill, and the groom, Mead Michael, took their places.

The flower girls, Cora Jean Hill and Janet Allan then advanced, strewn flowers, followed by the bride, Joan Martin, who entered on the arm of her father.

The bride's mother, Marguerite Furrow, and her father, Tommy Hunter, were present. The groom's mother, Juanita Salmon, and his father, Clifford Burtz, were also present. The grandparents of both, Burl Rogers, Clifford Prichard, Leona Graves, and Tome Chanle, were there to weep over the bride.

The guests were pupils from both rooms of the first grade.

Miss Gladys McClanahan and Mrs. T. W. Collins, first grade teachers, and Miss Gwendolyn Black, music teacher, were responsible for the program.

Thompson To Speak at F. F. A. Banquet

Mr. T. C. Thompson will be the principal speaker at the F. F. A. Father and Son Banquet to be held Monday night, April 26, in the high school gymnasium. Thomas Harris, president of the local chapter, will be the toastmaster and will lead the regular F. F. A. opening closing procedure.

Various members of the club will contribute to the program with short talks, musical entertainment, and a rope-making demonstration. The Home Economics Club, under the direction of Miss Fannie Sue Brasuel, will prepare and serve the food. Chickens which the F. F. A. Club has been raising as a project will be served as the main course of food.

Those who are eligible to come are the present members of the F. F. A. Club, the prospective members, and their fathers. Several business men and others interested in F. F. A. work are to be invited.

NOTICE!

The number drawn last Saturday for the picture given away by the junior class is 282. Unless the winning ticket is presented at Warwick's by tomorrow afternoon, another number will be drawn.

Al Baggett Talks Coaching School at Rotary Lunch

Al Baggett explained to the Rotary Club at the weekly luncheon Tuesday the features of the Second Annual Coaching School which will be held at W. T. June 6-12. The coach was introduced by Dr. Bob Neblett, chairman of the Vocational Service committee.

Coach Baggett gave a short history of coaching schools which were started in the early '20s by Rockne, Warner and Yost. These pioneers believed that good coaches should be good leaders and good teachers; that coaches had to study and prepare for their work just like classroom teachers; that athletics was a department of the college, and the coach must co-operate with the administration. This idea has been carried forward in all of the coaching schools, and has greatly improved the standing of coaches and athletics. The old idea of "win at any price" has been discarded. Athletes are being taught that they must take their place in the educational program of the institution which they represent.

Coach Baggett discussed briefly the various men who will teach in the coaching school here. These are: Football, "Jock" Sutherland of University of Pittsburgh; "Mat" Bell of SMU; Frank Leahy of Fordham University; Blair Cherry of the University of Texas. Basketball: "Jimmy" St. Clair of SMU; "Chuck" Taylor, trick shot artist; and the Buffalo squad, "tallest basketball team in the world." Dr. Harry Scott of Rice Institute, will discuss organization and administration.

The first coaching school was attended by 206, and Mr. Baggett believes that the second one will attract a much larger attendance.

George Taylor and Vaughan Allen were instructed by Harris M. Cook as new members of the club. Letters of appreciation were read

from members of the Federation of Women's Clubs for the part the Rotary Club had in the district convention.

Visitors present were: Jim Oaks, Dr. W. M. Cunningham, L. A. Vahue and G. G. Morehead, all of Amarillo.

Steak Fry Given Thursday Night to Basketball Squad

C. H. Jarrett, president of the W. T. Buffalo Club, was host to members of the basketball squad Thursday night at the steak fry. Members of the squad present were: Buck Amburn, Ben Arthur, Conway Butler, Lawrence Clark, Melvin Cullender, Joe Hayes, Milton Neilson, Raymond Shackelford, L. O. Speer, Lother Stephenson, Craig Walling, Foster Watkins, Student Manager Jack Jennings, Mr. and Mrs. Bob Cox, Mr. and Mrs. Al Baggett, Mr. and Mrs. Jarrett and Christine.

Parent Teachers to Have Last Meeting 1936-37 Thur. Eve

The last meeting of the Parent-Teachers Association for the year 1936-37 will be held Thursday evening, April 22 at the High School auditorium at 8 o'clock.

The program will be composed of songs by the assembly, and Mrs. H. A. Brown will have charge of the Devotional. A short skit on "Good Taste" will be presented by the Home Economics Department.

Reports of the District meeting will be heard and the installation of the newly elected officers will conclude the program. Everyone is welcome and urged to attend.

Sheriff Bob Barnett was in Wichita Falls Thursday taking an inmate to the state hospital.

Death and Destruction That Is Spain's

Dodging heavy shell fire, these two rebel soldiers carry a wounded comrade from the battle area, following a desperate attack on Madrid, capital city, by the armies of Gen. Francisco Franco. Rebel fortunes turned for the worse, temporarily at least, when the Loyalist troops began a powerful offensive drive and regained lost territory. Casualties were heavy. Property destruction reached staggering proportions.

H. D. CLUB PROGRAM AT PALO DURO THE 28th

The Palo Duro Home Demonstration Club is sponsoring a program at the Palo Duro School house on Wednesday evening, April 28, at 8:30 o'clock.

Local talent will be used in the program and "The Pandleers" from Amarillo will play.

Everyone is invited to attend for an evening of fun. Admission charges will be 10 cents and 25 cents.

Dr. William Lockhart of Alpine was here Thursday visiting at the parental W. E. Lockhart home. His mother accompanied him home to visit until July 1st.

FIREMEN HOLD DINNER ON THURSDAY NIGHT

The annual banquet of the Canyon firemen was held Thursday night at the Palace Cafe. 28 members of the department attended the dinner. Mayor C. R. Burrow, C. H. Jarrett, T. C. Thompson, J. J. Walker and Harvey Cash were guests.

C. H. Williams of the Training School for Firemen at A. & M. College, was here for this meeting.

R. G. Oldham has been returned from an Amarillo hospital to his home north of Canyon. He suffered a broken hip two weeks ago, but is improving in a satisfactory manner.

San Jacinto Day

(Continued from first page)

graduate work in the teachers college was two-fold: expense and limited equipment. These excuses were not valid, according to the arguments given by the speaker.

Mr. Gilmore gave information regarding the teachers colleges in Texas proving that the teacher training institutions were better prepared today to give graduate work than they were in 1918 when they became standard four year colleges.

Patriotic Program

Two musical numbers were given by the Women's Chorus in opening the patriotic part of the program, "Will You Come to My Bower," music which was played during the battle of San Jacinto, and "Texas, May I Never Wander." Ray Nichols, editor of the Vernon Record, delivered an address on San Jacinto Day. He paid high tribute to the teachers colleges of Texas and recalled his fight in the legislature six years ago when it was sought to cripple the institutions.

While only a few men participated and the battle continued but for a little while, San Jacinto had a far reaching influence upon the history of the entire nation. The immediate result was the check of despots, supremacy of democracy, freedom in ownership of property, participation in government by those who were taxed, and justice. So far as the nation is concerned, San Jacinto made it possible for the United States to extend its boundary to the Rio Grande and west to the Pacific. This insured the future of the nation against future invasion.

Mr. Nichols made a patriotic plea that those who today enjoy the fruits of San Jacinto conserve and add to the benefit that have descended upon them in order that future generations may live under improved conditions.

The Buffalo Band played patriotic numbers before and after the program.

Afternoon Program

The afternoon session was held in front of Buffalo Stadium.

In the absence of D. A. Bandeen of the West Texas Chamber of Commerce, Dr. J. A. Hill stated that great assistance had been granted by this organization in securing government aid on improvements. Legal and engineering advice was freely given on the projects.

C. A. Johnson of Fort Worth represented PWA. He stated that projects on W. T. campus had been well planned and were useful. More than \$200,000 had been put in loans and grants in Stafford Hall, the addition to Cousins Hall, the ten cottages and swimming pool.

A. A. Meredith, district manager of PWA complimented W. T. in taking advantage of the relief labor. This department was intended to restore the people to confidence—to save what it could of human values. President Hill and the faculty were complimented in the splendid plans, and Mr. Meredith hoped that PWA would continue to complete the projects now planned.

L. F. Sheffy represented the Texas Centennial, telling of the \$25,000 which had been given to build the basement for the new unit. He believed that this was the beginning of a great scientific laboratory which would be of great use to the people of the state.

Clyde Warwick represented the Buffalo Club, and told of the improvements which had been made possible through the work of local people. In addition to the gymnasium and stadium which were underwritten several years ago by local people, the athletic plant has been developed under the direction of Coach Al Baggett and the Buffalo Club of which C. H. Jarrett is president. \$25,546.90 has been donated by the people of this section during the past three years.

Regents J. D. Jackson of Alpine and John E. Hill accepted the improvements in the name of the state, and dedicated the new projects to the use of the students of the institution.

received during the past year. The Susan J. Allen collection has been increased by one-third since last year.

Visitors at Museum

Mr. Sheffy reported that 125,000 visitors had registered at the museum since the building was opened in 1933, with 30,000 coming the past year. The museum has been of great service to the school children and other organizations during the past year.

The society elected associate editors for the Panhandle-Plains Historical Review as follows: J. Everts Haley, Dr. H. B. Carroll, Harold Bugbee and Floyd Studer. W. L. Vaughan, treasurer, reported on the finances of the society.

Find Pre-Historical Material

Floyd Studer and Stuart Johnston told of the work in which they are engaged in uncovering the prehistoric material of this region. Mr. Studer told of the numerous expeditions which are made into this field by the big universities, and the valuable finds which are being made. Students from all over the nation are being attracted

here stated Mr. Studer because of the fertile field of discovery.

Mr. Johnston stated he had 100 students working in his department. Mrs. Johnston has 25 WPA men assisting in excavation work. Specimens are being uncovered which are not found in any other place in the United States.

Put Man in Field

Dr. J. A. Hill stated that the great need of the Society was to put a man in the field at once in order to gather material and memberships. The directors were considering this matter and hoped soon to announce the employment of a man. If the appropriation of \$7,000 is given the Society by the legislature, this problem would be solved.

Matthew Hooks, "Old Bones," was present and made his annual contribution of a white flower.

A photograph of the late Henry W. Taylor of Clarendon was received. He was brought to the Plains in 1882 by Colonel Chas. Goodnight.

Banquet Is Held

Herman C. Pipkin of Amarillo was toastmaster at the banquet.

After the welcome was given by Clyde Warwick, W. H. Patrick reviewed the needs of the Society and hoped that 3,000 members could be secured during the coming year. He asked each member to secure at least five new members. Musical numbers were given by Mrs. Margaret Kersey Woodruff of Amarillo and Herschel Coffee of W. T.

Dr. Webb highly praised the spirit which was shown by the Panhandle-Plains Historical Society. "This whole country has more historians per square mile than any place I have ever known," stated the speaker. "You people have done two or three times as much to preserve your history as any place in Texas."

Webb discussed the method of the historian in presenting a comprehensive view of past events.

"All history is local. The Battle of Waterloo occurred in a little field. To the inhabitants of the locality it was a local occurrence. It is important that the historian take a proper point of view in chronicling the events of the world," he said.

"History teaches us to be calm in the face of great social excitement. We have seen America thru three periods of excitement: the World War, the boom days, and the depression. Persons who have studied history will know that a settlement will not be final in any case. The only thing permanent in history is the factor of constant change."

The historian and writer praised the way in which people of this region have collected all kinds of historical material and placed it in the Museum for preservation.
